

# Senior Sport - capacità funzionale per la vita quotidiana

Le attrezzature Senior Sport preservano e migliorano il tono muscolare, la mobilità e le capacità motorie degli anziani. Gli esercizi sono ideati per rafforzare la capacità degli anziani di affrontare la vita quotidiana come salire le scale, piegarsi o camminare su superfici irregolari.

La nostra missione è quella di far muovere gente di ogni età. Una sessione di fitness accresce anche la dimensione sociale, in quanto l'area Sport Senior è un modo naturale di trascorrere del tempo insieme per tutte le generazioni, dai nonni ai nipoti.

Attrezzature Senior sport sono inclusive.

# Garanzia

I presenti termini di garanzia coprono i prodotti e i componenti fabbricati da Lappset come specificato qui di seguito.

Il periodo di garanzia inizia dal giorno in cui il prodotto viene consegnato dallo stabilimento del Gruppo Lappset. La garanzia è valida soltanto a condizione che i lavori di fondazione, installazione e manutenzione siano stati eseguiti e documentati in conformità alle istruzioni fornite dal Gruppo Lappset. Devono essere presentati, se necessario, un registro dell'ispezione di consegna e i documenti per gli interventi di manutenzione eseguiti.

Trova i termini dettagliati della garanzia:

[www.lappset.com/Services/For-designers/Warranty](http://www.lappset.com/Services/For-designers/Warranty)

## Periodi di garanzia

### 20 anni

- strutture e componenti in acciaio
- elementi realizzati in laminato ad alta pressione (HPL)
- parti trattati a Linax

### 15 anni

- componenti in alluminio
- componenti in plastica rinforzata con fibra di vetro

### 10 anni

- componenti in legno trattati con pre-servante senza contatto con il suolo
- componenti in legno trattati con preservante a contatto con il suolo (in Europa)
- componenti in cemento
- finitura superficiale di componenti in acciaio e alluminio
- impugnature per arrampicata

### 5 anni

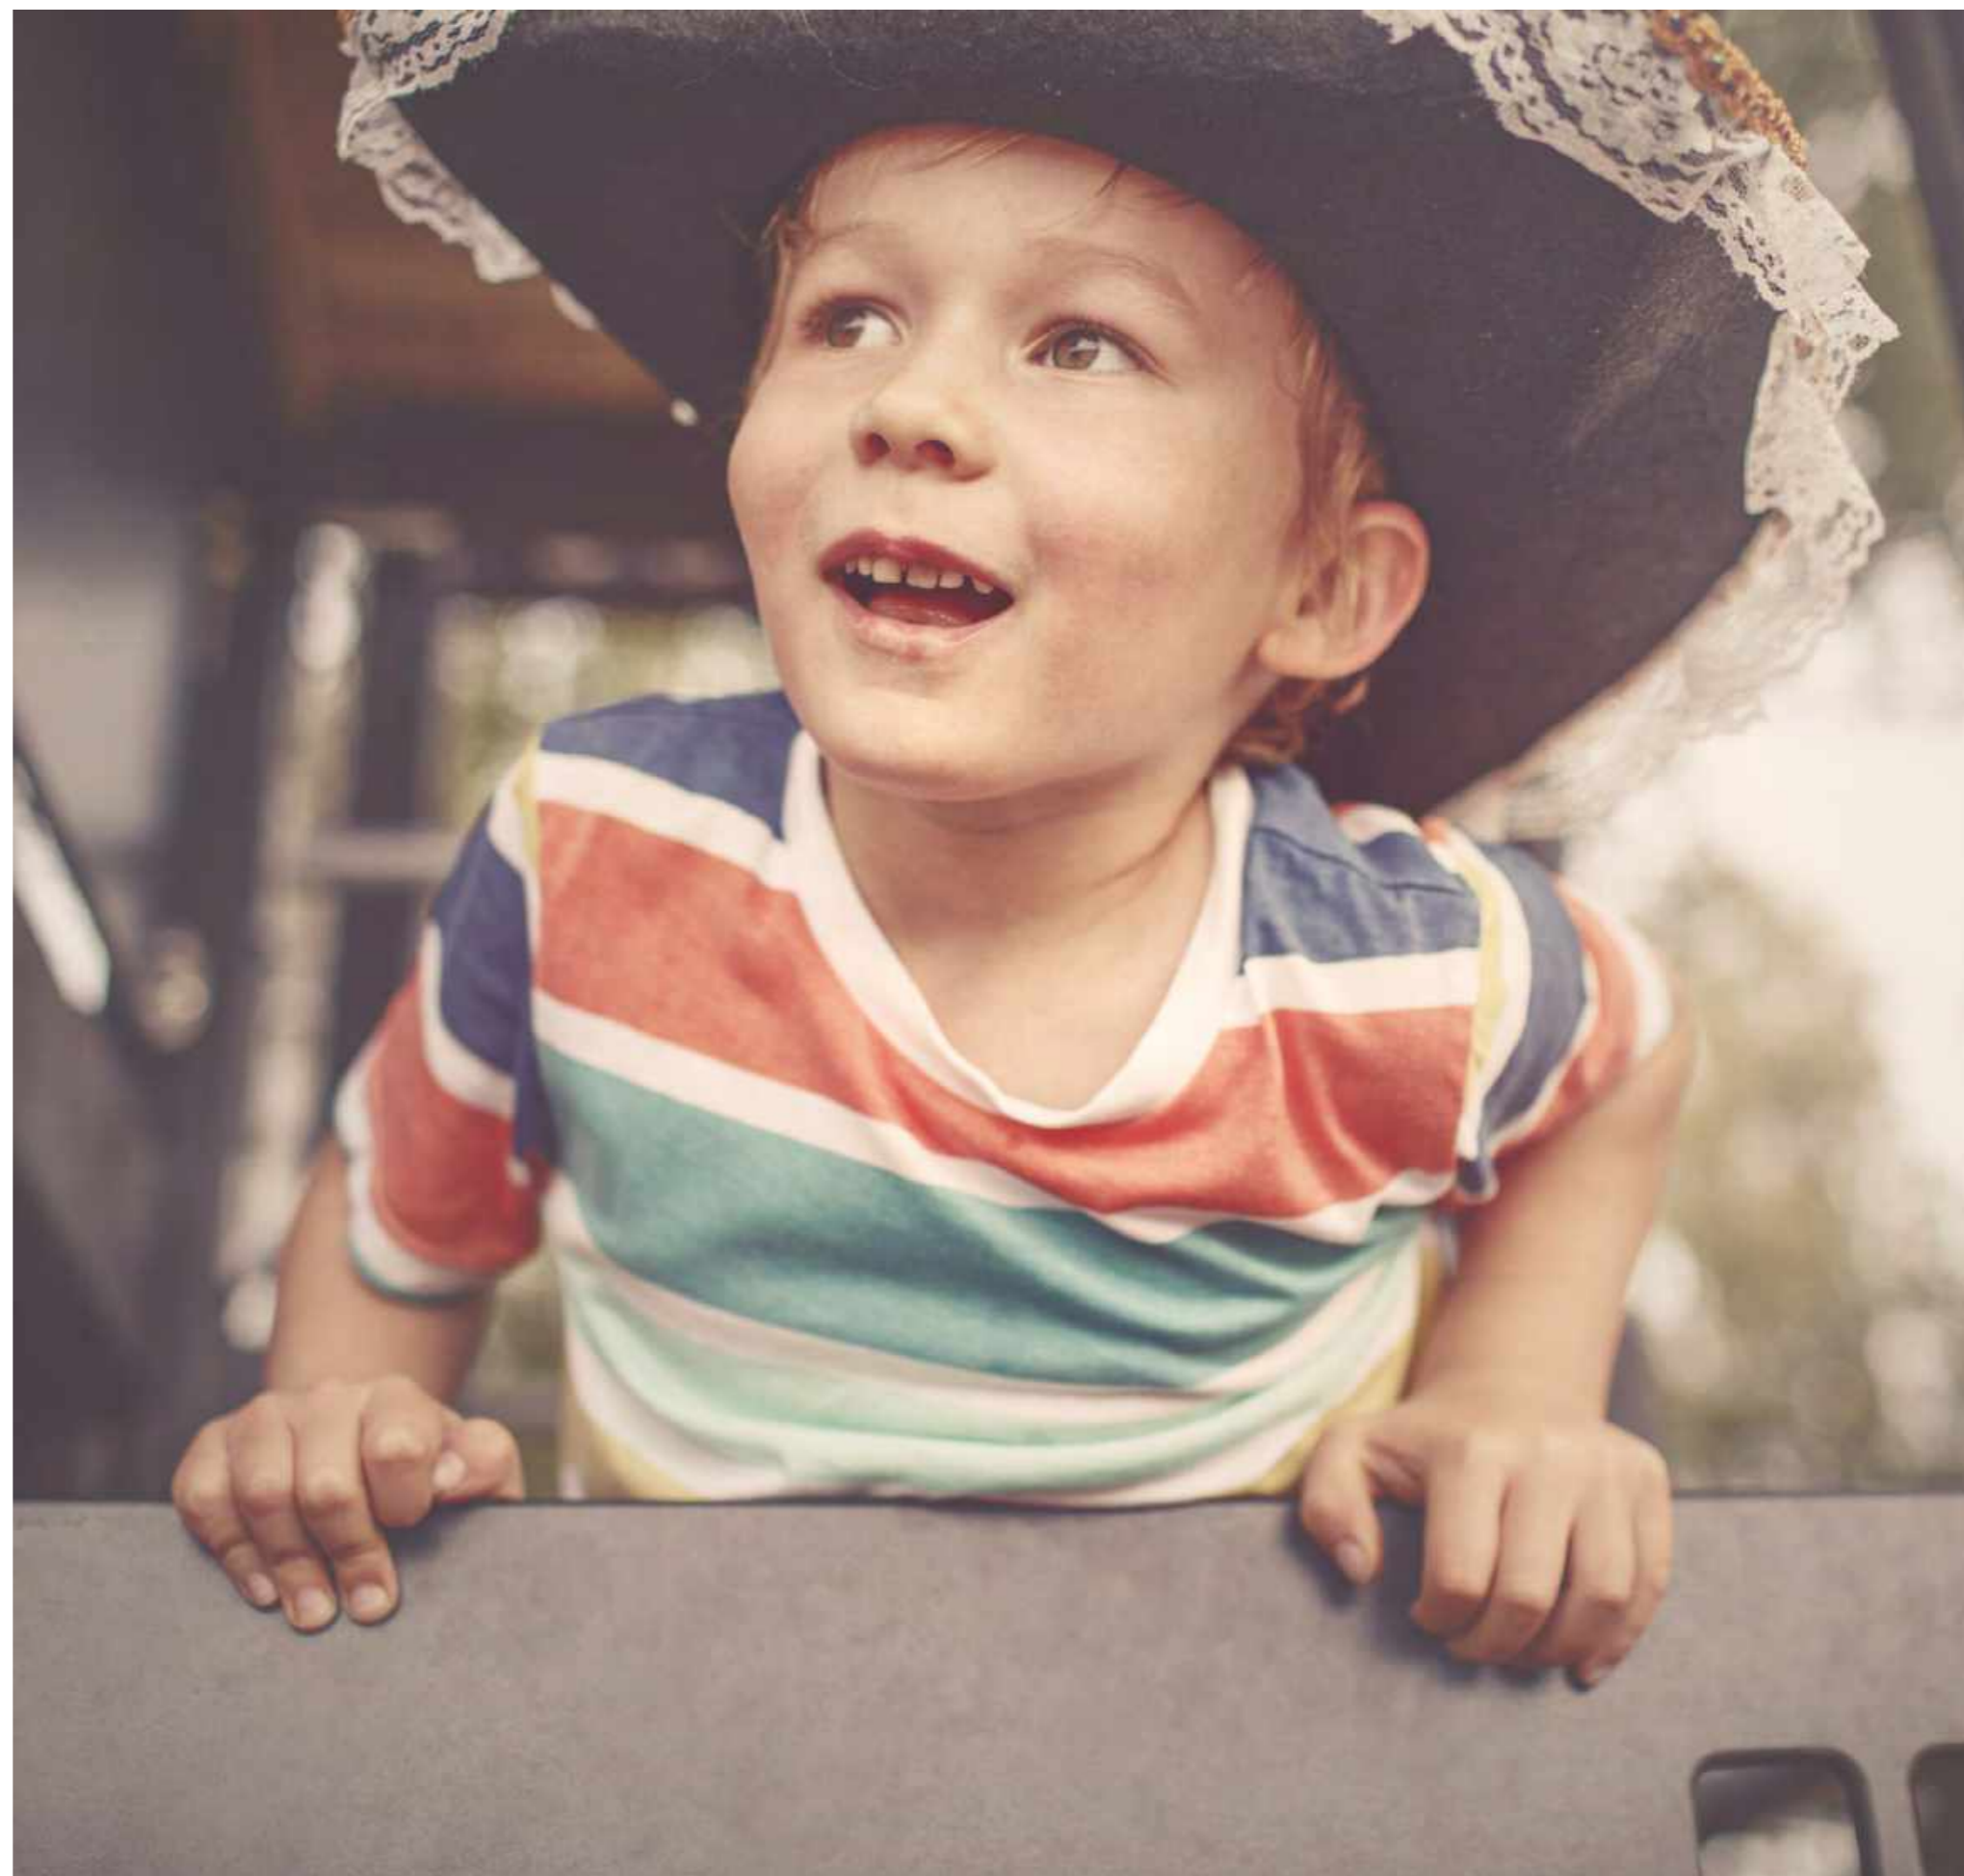

- componenti in legno trattati con preservante a contatto con il suolo (fuori dall'Europa)
- componenti in legno non trattati con preservante
- componenti in plastica e fibra di vetro
- reti e corde rinforzate in acciaio
- molle
- parti in jatoba

### 3 anni

- parti in gomma o rivestite in gomma, componenti in poliuretano
- parti in movimento (malfunzionamento)
- corpi in legno di attrezzature a molla
- cavi, catene in acciaio
- finitura superficiale di componenti diversi da acciaio e alluminio
- pannelli di compensato verniciati o rivestiti
- parti in legno con verniciatura ma senza manutenzione (arredo parco)

### 1 anno

- reti e corde nei prodotti sportivi
- elementi tessili
- componenti con rivestimento in gesso
- componenti elettronici
