Our modular B I G P L A N T E R
for many different combinations
equipped with additional seats,
fully adapted in size and shape, a
ded with armrests or backrests.

B I G P L A N T E R S relieve you to create cozy meeting spots and restfully places of relaxation in between the daily urban life, which sometimes, as we all know, can be very hectic and stressy. Fresh air stimulates the immune system positively and happiness hormones accelerate stress reduction. Due to the high light intensity our body produces a lot of vitamin D outside which causes that the happiness hormone serotonin floods the brain and our mood rises! The colour green calms us down so that after being outside, we demonstrably have fewer stress hormones in the blood and the blood pressure is lowered. Let's try, all together, to turn the concrete jungle into a green oasis and to make our cities livable.

R S offer creative scope
